COUNCILOR 1979

David Grant

Dave,

So here it is, the last couple days of school and freedom is near at hand! I've been studying my tail off for finals (which is why I won't be sitting for a while) and I still haven't learned anything. Aren't you looking forward to summer and all those sexy joggers who suddenly come out of no where?

No seriously, I hope your summer is as terrific as I'm planning mine to be. Uh oh, Flash NEWS - Pay attention! The Surgeon General has declared that partaking of CW Post Grape Nuts can give you purple children!

Now back to those serious side of things.

Good luck on your

And don't get up tight like me. Thanks for remembering me and wanting to walk w/ me. You are a really decent + talented guy. Where

embark on the road of life, I know you'll succeed at whatever you do. Have a great summer + stay in touch

322-52/20

Dave -

You've been a great friend and you've talked to me a lot when I needed it. The Help in Calculus was very much appreciated. Good luck in all your future endeavors and I hope God sends you peace, love joy and happiness always.

Terry

Dave,
It's been nice meeting you and getting to know you this year. Have a great summer and good luck in all you do!

Love
Lisa (Little Merc)

P.S. Congratulations on all that you've accomplished through the years.

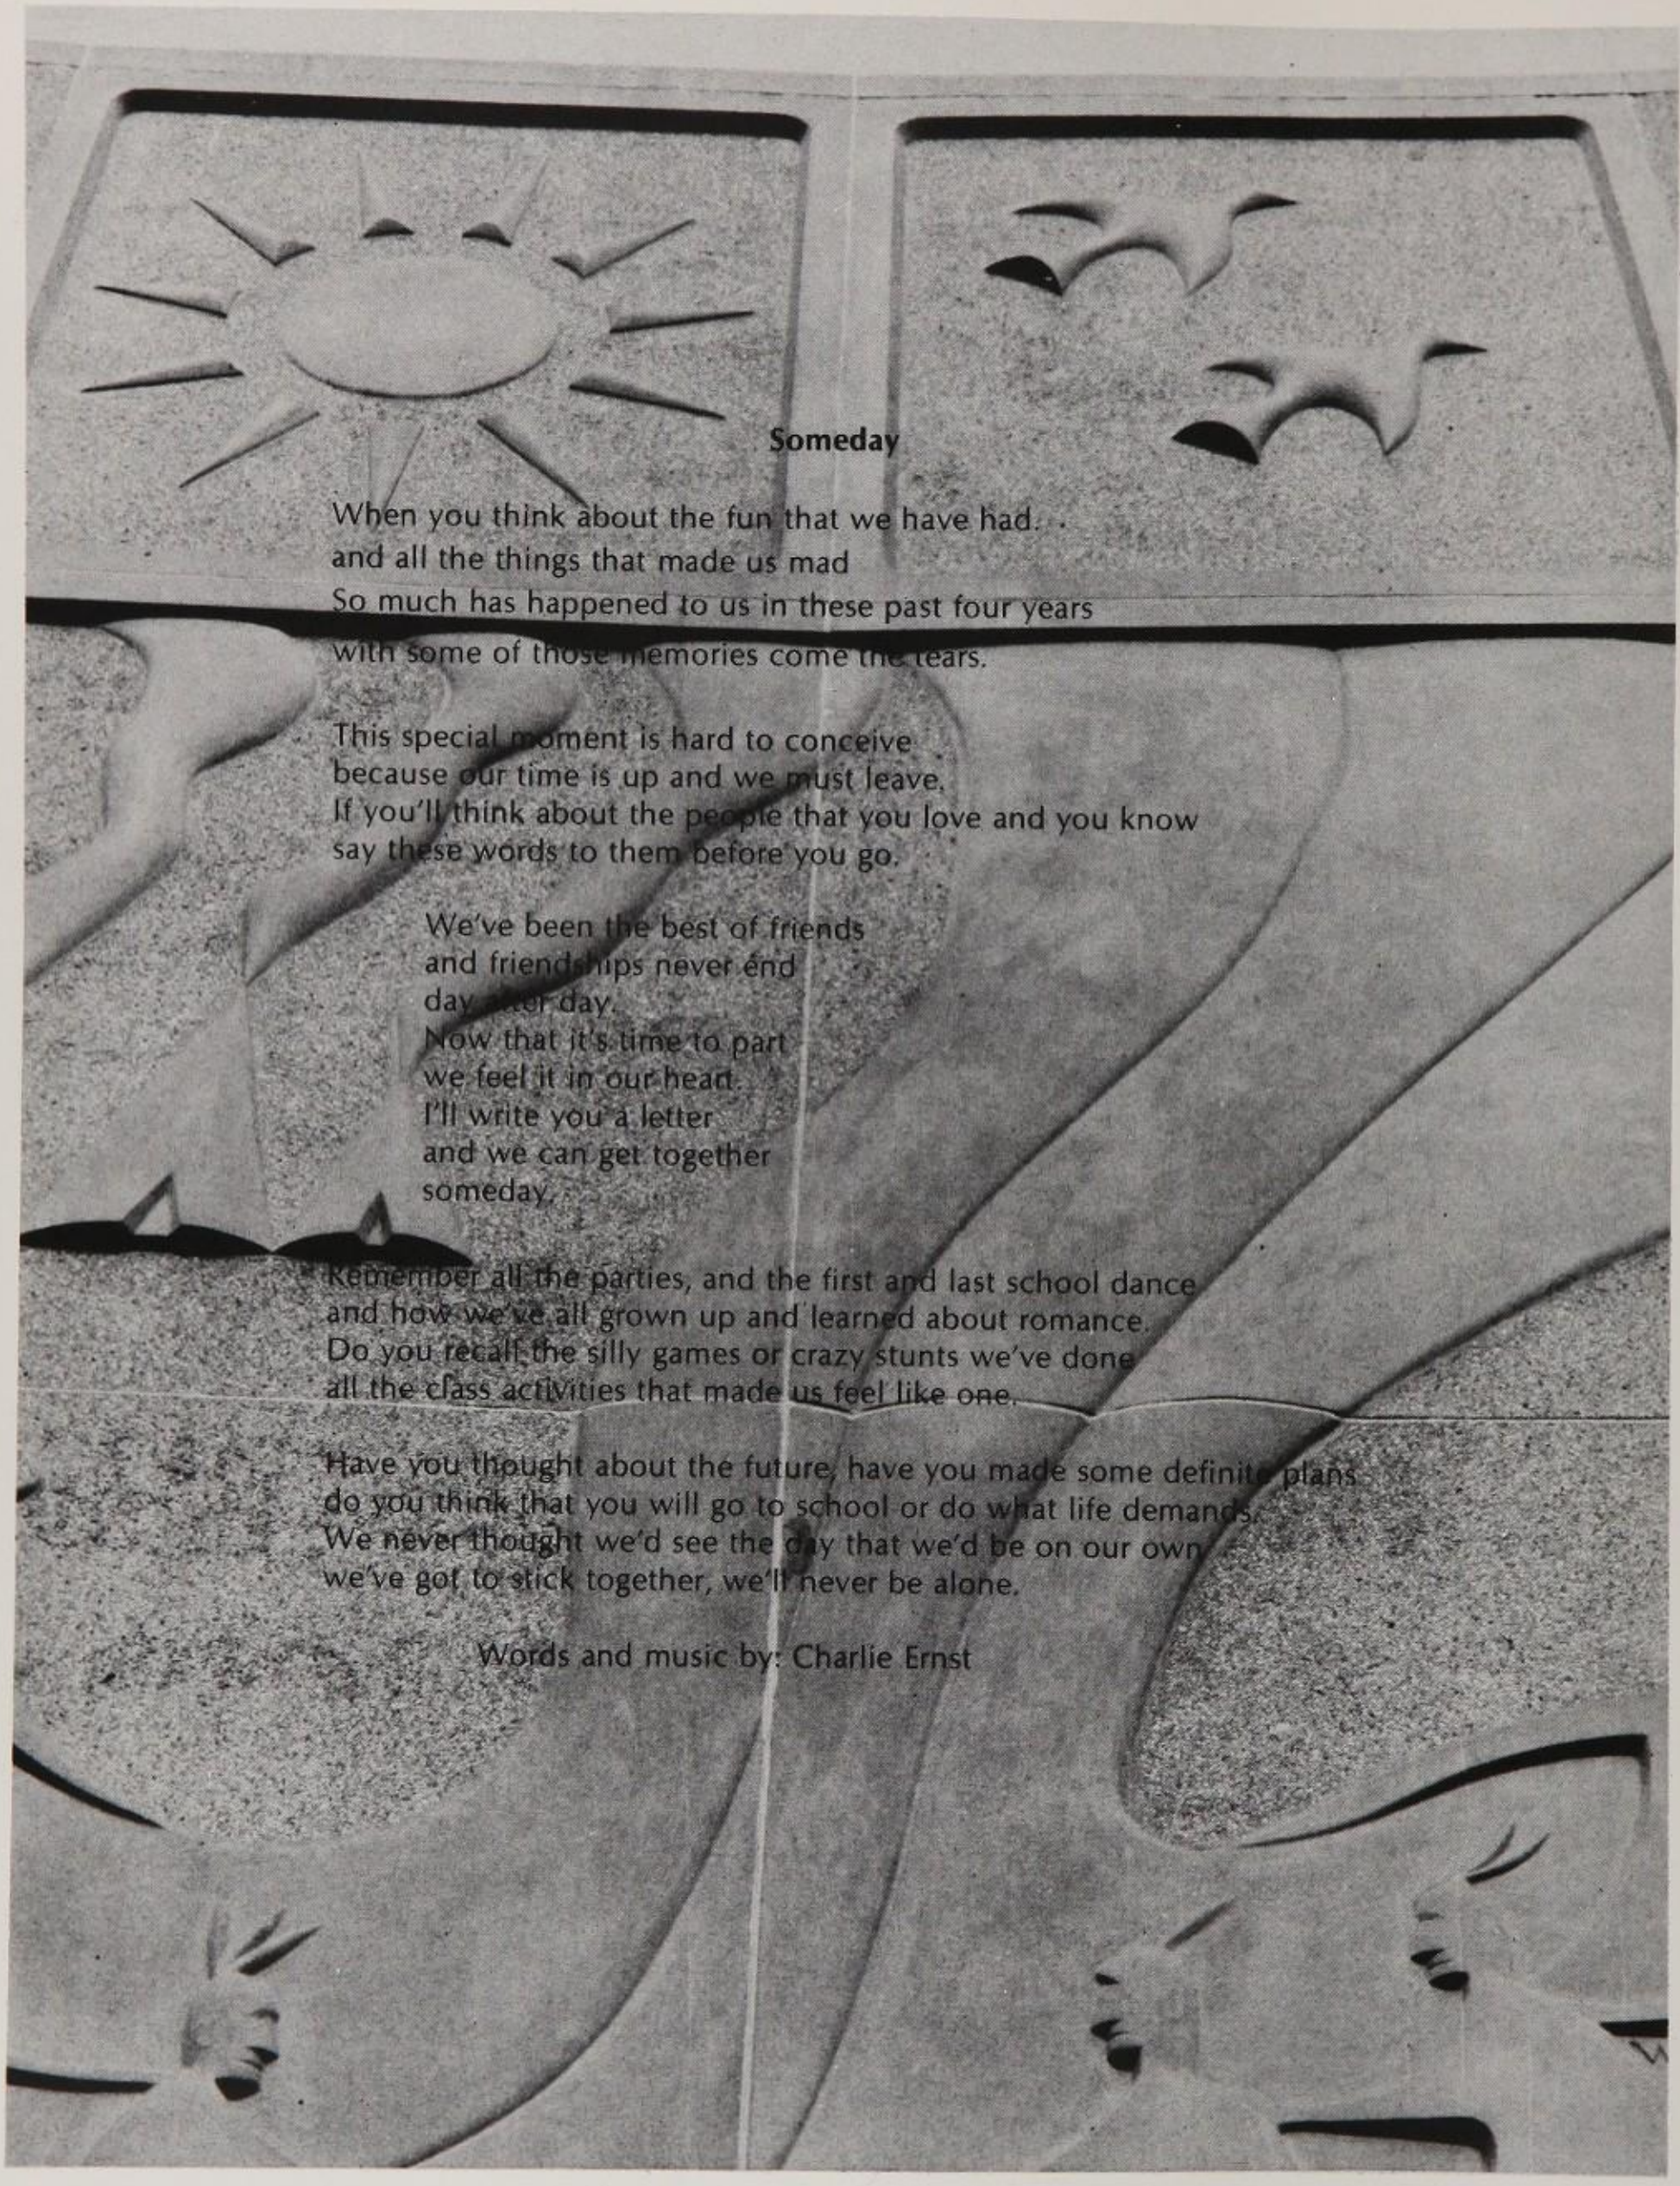
Dave,

If you ever want to find happiness, you really must grow a moustache. Don't watch too much Monty Python or you'll turn into a wierdo with a 'Silly Walk'. Remember our ballet singing + don't lose your voice. Best luck in your future - Selectively - Jo!



Someday

When you think about the fun that we have had.
and all the things that made us mad
So much has happened to us in these past four years
with some of those memories come the tears.

This special moment is hard to conceive
because our time is up and we must leave.
If you'll think about the people that you love and you know
say these words to them before you go.

We've been the best of friends
and friendships never end
day after day.
Now that it's time to part
we feel it in our heart.
I'll write you a letter
and we can get together
someday.

Remember all the parties, and the first and last school dance
and how we've all grown up and learned about romance.
Do you recall the silly games or crazy stunts we've done
all the class activities that made us feel like one.

Have you thought about the future, have you made some definite plans
do you think that you will go to school or do what life demands.
We never thought we'd see the day that we'd be on our own
we've got to stick together, we'll never be alone.

Words and music by: Charlie Ernst

The dedication of this yearbook is our class's way of expressing its gratitude to those who have made our high school years special. This year, for the first time, we as a class have chosen to formally thank each other for those years: for the dreams and the realities, for the laughter and the tears, and for all the experience which have helped us to grow – individually and as a group. So it is with a deep sense of pride and heart felt appreciation that we dedicate this 1979 **Councilor** to

Our friends . . .
THE CLASS of 1979

GO OFTEN TO THE HOUSE OF THY FRIEND,
FOR WEEDS CHOKE THE UNUSED PATH.

Ralph Waldo Emerson

TO EVERYTHING THERE IS A BEGINNING AND AN END,
THIS IS BOTH . . .

I'm incredibly sorry for my blunder. I'm not as much as a Renaissance person as I thought. I'd like to thank you for your friendship these past couple years. You've got a lot going for you, David and I wish you all the happiness and luck in life you deserve. I know I never have to remind you to make the best out of whatever you have. You're enterprising enough to sing your way through a happy life -

Have a great summer and just think— now you're a freshman Aggie! Now I'm a senior (Ha Ha) Good luck and have a great year. If you're ever around— stop by and see me. Remember we graduated together and thanks for making it a part to remember.

THE JOURNEY OF LIFE

As man travels down the road of life
He climbs many mountains and crosses many seas.
The beauty of time or the freedom of the world
Is his to use as his inspiration and hope.
The silence of a forest gives him inner peace.
The shadows of his mind give him the need to reach out and grow.

Remember all who travel by your way
For they give you wisdom and courage
To press on through great clouds of trouble.

Preserve the memory of friends and loved ones
For the journey of life is short and should be
valued with the dawn of every day.

In our youth and inexperience we must
Reflect upon reality and illusions of our dreams
for this is our ultimate journey . . .
The Journey of Life

The most challenging thing of all is to be yourself, to stand firm when the crowd urges and to follow the distant steps of a drummer which only you can hear. Cherish your ideals and set them high upon a pedestal and never, never let go. At Holland High in Holland, Mich., I was 3 years in FMC and 1 year in the Expedition Club. A very special thanks to those people who helped me with the Senior Section. Especially Beth Inglesby, Eva Smith, Lauren Pfundt and many others for their special efforts with typing – without you the section never would have been finished. Thanks Mr. Fineman for all the passes, and Debbie for being patient with my lateness and my stupid questions, and Mrs. Frantz for "supplies." Finally to DW and MB for listening to my complaints (R-I-T-F).

6/5/91 Dearest Dana,

This is all from the heart. It seems sort of funny how we've become friends these past few weeks. I really feel that the Lord had something to do with it. I've come to realize just how special you really are. I think we have quite a bit in common - The Lord, music, and our crazy love life problems! I enjoy talking to you more than you'll ever know - and I hope we will finish our important discussion. You're the kind of guy I feel I can be super open & honest with and I could talk to you for hours. You have so much going for you - looks, brains!, personality, kind hearted, you're a Christian, and you have your music. A well-rounded guy! I pray that you will be successful in your life. With the Lord's guidance I'm sure you will be. Please keep in touch over the summer & next year - when you have time. I really need your friendship.

Take Care,
God Bless You,
Love,

Lisa VanDivort
361 Fairhill Dr.
Churchville, PA
18966 355-0514

P.S. I feel there is something I have forgotten to say. Oh well, if I remember I'll tell you later.

With all of God's creation,
And all he's given to us.
Why must we misuse it
And test his loving trust

The Lord is strong the Lord is wise
And beneath His shining sea
The wonders are kept there
safe and sound, but pour out
for you and me

Congradulations on your class rank. This year was a lot of fun. What ever happened to your dead mouse? I really enjoyed knowing you. Have fun in everything.

Love,
Gail
